

Employee Spotlight – Alisha Berkauzer

Caring Team for Care Providers

At CuraScript SD, we are continuously Caring for those who care® in everything we do. In every aspect of our business, we work to provide your practice the products and services you need to support your patients. This is no small feat. All of our employees work hard every day to help provide you the best service possible.

Whether that's filling your orders or helping with any questions or issues you may have, all our teams assemble to support our organization so we can better care for your practice.

Alisha Berkauzer

Alisha Berkauzer is the Sr. Manager of Generics on the Strategy & Business Development Team who manages all of CuraScript SD's generic trade relations and generic intercompany engagement. Alisha works directly with our generic pharma partners to resolve any escalations that may arise. She also collaborates with and offers support to various intercompany departments such as sales and procurement to coordinate product access, competitive contract pricing and distribution services. When asked how she works to represent **Caring for those who care®**, Alisha responded, "Although we do not directly work with patients on the distribution side of pharma, I try to remind myself that every product that we handle is

being used to treat a patient. When you keep that mindset at the forefront of everything you do, you cannot help but give your all each and every day."

Alisha and the rest of our team look forward to providing personalized innovations to assist your practice.

Distribution and Beyond

CuraScript SD has several teams of professionals who continuously strive to excel in their fields to assist physicians and their practices. These talented individuals are spread across various departments built to manage our customers various needs:

- Accounts Receivable
- Business Development
