Kimberly Warner

Kimberly Warner is a member of the Customer Service & Hub Support Team. In her role, she creates CuraScript SD customer accounts so hospitals and infusion centers can purchase specific medications, ensuring accuracy and helping keep the accounts up-to-date. She places orders via phone and email, determines the correct vial size for the patient's target dose and keeps up with customer messages to ensure they are taken care of promptly. Her favorite part of her work is her team and this company, knowing they are doing all they can to help our patients live better lives. When asked how she represents Caring for those who care®, Kimberly responded, "I take my time to listen and provide impactful solutions. I create a caring environment for my customers and coworkers where they are always welcome to ask for help. I love helping where I can and sharing my knowledge with others."

Kimberly and the rest of our team look forward to providing specialized service to assist your practice.
