

## Employee Spotlight – Lisa Johnson

### Caring Team for Care Providers

At CuraScript SD, we are continuously Caring for those who care® in everything we do. In every aspect of our business, we work to provide your practice the products and services you need to support your patients. This is no small feat. All of our employees work hard every day to help provide you the best service possible.

Whether that's filling your orders or helping with any questions or issues you may have, all our teams assemble to support our organization so we can better care for your practice.

### Lisa Johnson

Lisa Johnson is the Sr. Product Manager of Inventory Management and Electronic Services, helping customers find solutions in inventory management, process flows and reporting through products offered by our vendors. Her favorite part of her role is making these processes easier, faster and overall better for our customers. When asked how she works to represent **Caring for those who care®**, Lisa responded, "We don't always get an opportunity to have another company or team come into our space, look over our processes and help us find better ways or best practices to do our business. Essentially, this is the work we are doing, helping practices find their weak points in operations, navigating different solutions and

making recommendations for the better."

Lisa and the rest of our team look forward to providing personalized innovations to assist your practice.

### Distribution and Beyond

CuraScript SD has several teams of professionals who continuously strive to excel in their fields to assist physicians and their practices. These talented individuals are spread across various departments built to manage our customers various needs:

- Accounts Receivable
- Business Development
- Business Analytics
