

Employee Spotlight – Mary Abington

Caring Team for Care Providers

At CuraScript SD by Evernorth, we are continuously Caring for those who care® in everything we do. In every aspect of our business, we work to provide your practice with the products and services you need to support your patients. This is no small feat. All of our employees work hard every day to help provide you with the best service possible.

Whether that's filling your orders or helping with any questions or issues you may have, all our teams assemble to support our organization so we can better care for your practice.

Mary Abington

Mary Abington, a Sr. Supervisor for CuraScript SD by Evernorth, helped with testing our CareLink platform for the Rare and Specialty Services Team and continues to work with streamlining the CareLink processes, order entering, system updates and training for the team. She also works directly with two manufacturers, providing white glove handling to ensure the team effectively assists customer orders, issues and more. Mary's favorite part of her work is helping the team use the new CareLink system productively to support both customers and manufacturers.

Mary represents Caring for those who care® by "working with the customers and manufacturers to help solve any issues or questions they may have and to help them understand the Customer Service Team is here to help them – and we continue to work on improving our processes as we move through the learning of CareLink."

Mary and the rest of our Rare Disease and Specialty Services Team look forward to providing specialized services to assist your practice.

Distribution and Beyond

CuraScript SD by Evernorth has several teams of professionals who continuously strive to excel in their fields to assist physicians and their practices. These talented individuals are spread across various departments built to manage our customers' various needs:
