

Employee Spotlight – Melizabeth Montesino

Caring Team for Care Providers

At CuraScript SD by Evernorth, we are continuously Caring for those who care® in everything we do. In every aspect of our business, we work to provide your practice with the products and services you need to support your patients. This is no small feat. All of our employees work hard every day to help provide you with the best service possible.

Whether that's filling your orders or helping with any questions or issues you may have, all our teams assemble to support our organization so we can better care for your practice.

Melizabeth Montesino

Melizabeth Montesino is a Technical Training Lead Analyst for CuraScript SD by Evernorth. Her role involves designing and delivering training that supports key business processes and tools. This includes creating job aids and onboarding materials, managing new-hire training and system access, and leading sessions such as Train-the-Trainer and refresher courses. Melizabeth's favorite part of her job is seeing the growth and development of our team members. She says, "It's incredibly rewarding to witness their progress and know I've contributed to their professional journey."

When asked how she represents Caring for those who care®, Melizabeth responded, "I embody Caring for those who care® by making training a source of confidence and support for every team member. I focus on simplifying complex processes, providing clear resources, and being available when questions arise. By creating an environment where

learning feels approachable and empowering, I help others succeed in serving our clients with excellence."

Melizabeth and the rest of our team look forward to providing specialized services to assist your practice.

Distribution and Beyond

CuraScript SD by Evernorth has several teams of professionals who continuously strive to excel in their fields to assist physicians and their practices. These talented individuals are spread across various departments built to manage our customers' various needs:
