

CURASCRIP SD ONLINE ORDERING & ACCOUNT MANAGEMENT

***Did You Know?**
CuraScript SD's Online
Ordering Website Offers On-
Demand Reporting, CSOS
Online, and RGA
Management.*

24-Hour Access

*CuraScript SD wants every
customer to have the ability to
access our vast array of products
when it is most convenient to them.*

01 | Item Search

Customers with online access are able to search for products by drug name, drug group, manufacturer, or medical supplies. Items are displayed with the ability to see; what items are under contract for the customer, price, NDC and more. Customers are able to easily add items to their cart or an **Order Pad**, which allows them to save their frequently purchased and favorite products.

02 | Order History

Once an order has been placed customers can view the orders status in order history. In order history the customer is also able to view tracking numbers after an order has shipped. Order History also allows the customer to view order confirmations and packing slips. A reorder function is available for quick and easy process of a repeat order.

03 | Online Reporting

With access to the Online Ordering website customers also gain the ability to pull reports for their account(s). Within the online Reporting dashboard a customer is able to customize filters in their reports in order to get the exact data they need. Reports can be exported, saved and/or printed for convenience. Detailed charts make analyzing and reading information easy and simple. Reports available online are:

- Utilization
- Contract Utilization
- Controlled Substance
- DSCSA
- ASP

04 | Simple Ordering

After a customer has added items to their cart, they follow a simple checkout process. Checkout allows them to edit the selected items, add a purchase order number, add comments, and view their total. Customers will receive an order confirmation once an order has been successfully submitted

The Online Ordering website allows a customer to have control of their ordering, whether they have one or several accounts. The goal of online access is to simplify processes and make it more convenient for the customer. With online backorder management, RGA submission, Invoice management, and direct access to contact an account manager. CuraScript SD's focus is for customers to have a positive online ordering experience.
