

SUPPORT FOR PATIENTS WITH RARE DISEASES

Did You Know?

*A disease is qualified as a
"rare disease" if it affects
fewer than 200,000
Americans*

Offering Big Solutions for Small Patient Populations

*CuraScript SD is the exclusive
distributor for 12 rare disease drugs*

01 | Customized End-to-End Services

CuraScript SD provides customizable, flexible and unique business solutions and broad access to specialty pharmaceuticals and rare disease medications across the continuum of healthcare providers within the U.S. We are fortunate to be the preferred distribution partner for more ultra-orphan drugs than anyone in the industry.

CuraScript SD has been providing specialty distribution services for more than a quarter of a century and is strategically focused on the rare disease and ultra-orphan market. Our organization is intricately involved and extremely knowledgeable regarding the needs of the patient, physician and hospital community that we serve.

02 | Offering Unparalleled Support

CuraScript SD utilizes our Rare Disease Team who specializes in servicing ultra-orphan and rare disease products. This dedicated group has long-established relationships with hospitals, specialty pharmacies, physicians and infusion centers, allowing for seamless support, including critical response time for urgent patient needs and emergency order processing.

03 | Customized Business Solutions

We are proud to have long-standing consignment model relationships with over a hundred hospital systems across the country for rare disease, orphan, ultra-orphan and critical life-saving pharmaceuticals.

In addition to serving as a distributor for more than 30 products, 12 of which are exclusive to our customers, our CuraScript SD Rare Disease facility offers third party logistics programs in conjunction with the following:

- Specialized Customer Service Team
- Extensive Experience with managing products with REMS requirements
- Robust specialty distribution resources and products
- Emergency delivery model
